

The **Board of Studies (BoS)** meeting for the Department of Artificial Intelligence and Machine Learning, School of Computer Science & Technology, GM University, was successfully conducted for the academic year **2026–27** on **20-06-2026** in the esteemed presence of distinguished academic and industry experts.

Prior to the commencement of the meeting, the external experts had an insightful interaction with the Honourable Chancellor, **Shri G. M. Lingaraju**, and the Vice Chancellor, **Dr. S. R. Shankapal**, wherein they discussed emerging trends in Artificial Intelligence, industry-academia collaboration, research opportunities, and the future direction of AI education.

The meeting was chaired by **Dr. Asha K**, Associate Professor & Head, Department of AIML, GM University. The session was guided by **Dr. M. Venu Gopala Rao**, Pro-Vice Chancellor, GM University.

The department was honored by the presence of external academic experts:

- **Dr. Anand Kumar M**, Associate Professor & Head, Department of Information Technology, NITK Surathkal
- **Dr. Sunil Saumya**, Assistant Professor, Department of Data Science and Artificial Intelligence, IIIT Dharwad

The meeting also benefited from valuable industry insights provided by:

- **Mr. Arun Kumar Dave**, Product Engineering Leader, Zoho Corporation Pvt Ltd

The discussions focused on curriculum enhancement, integration of emerging Artificial Intelligence and Machine Learning technologies, industry-oriented learning, research initiatives, internship opportunities, and strengthening Outcome-Based Education (OBE) practices to ensure that the AIML program remains aligned with current industry requirements and global academic standards.

The BoS members reviewed and approved the proposed curriculum structure for the academic year 2026–27, appreciating its strong foundation in Computer Science, balanced integration of Artificial Intelligence and Machine Learning domains, emphasis on experiential learning, and focus on emerging technologies such as **Generative AI, Agentic AI, Explainable AI, MLOps**, and **Industry 5.0 readiness**.

The Department of Artificial Intelligence and Machine Learning extends its heartfelt gratitude to all BoS members, academic experts, industry professionals, university leadership, and stakeholders for their valuable guidance, insightful suggestions, and continuous support in shaping a future-ready and industry-relevant curriculum for students.
