SCST – B.Tech., CS - Artificial Intelligence and Machine Learning

Minute of Meeting

Date: 24/07/2025

GM University, Davangere

Faculty of Engineering Technology

School of Computer Science and Technology

Board of Studies (BoS) Meeting – Minutes of Meeting

Date: 24 July 2025

Venue: Director's Office

Mode: Offline

Agenda:

Finalization of Course Titles and Contents for 5th Semester B.Tech CS-AIML (2023 Scheme)

Members Present:

- Dr. Shreedhara K S, Professor and Head, Department of CSE, UBDTCE,
- Dr. Veerappa B N - External Member, BoS
- Dr. Sanjay Pande M B – Director, SCST, GM University
- Dr. Asha K, Associate Professor and Head, Department of CS-AIML, GM University
- Dr. Shivanagowda G M, Professor and Head, Department of CSE, GM University
- Dr. Neelambike S, Associate Professor and Head, Department of ISE, GM University
- Dr. Arun Kumar B T, Assistant Professor and Head, Department of CS-CY and CS-IY, GM University
- Dr. Shankrayya Shastri, Assistant Professor and Head, Department of CS-CC and CS-AI, BC&BS, GM University
- Prof. Firoz Khan, Assistant Professor and Head, Department of CS-DS and CS-IoT with AI, GM University
- Keerthi Prasad G – Assistant Professor, Department of CS-AIML
- Jayalakshmi - Assistant Professor, Department of CS-AIML

FACULTY OF ENGINEERING AND TECHNOLOGY

SCST – B.Tech., CS - Artificial Intelligence and Machine Learning

Discussion Points and Resolutions:

1. Renaming of Course Title – Large Language Models:

- The original course titled “**Large Language Models**” was discussed.
- Dr. Shreedhara K. S. suggested revising the title to “**Deep Learning and LLM**”, considering the prerequisites such as Neural Networks and Deep Learning were not covered in earlier semesters (common syllabus for CS-aligned programs up to the 4th semester).
- Resolution: Course title changed to “*Deep Learning and LLM*”.
 - **Module 1:** Neural Networks (9 Hours)
 - **Modules 2 & 3:** Deep Learning (18 Hours)
 - **Modules 4 & 5 :** Large Language Models (18 Hours)
- The syllabus was reframed accordingly.

2. Adjustment of Generative AI Course:

- It was agreed that **Generative AI** is too advanced for 5th semester students.
- Prerequisites such as Deep Learning, Neural Networks, and LLMs need to be covered first.
- Resolution: *Generative AI* shifted to the 6th semester.
- In its place, “**Software Engineering Practices with Agile Methodologies**” was introduced.
 - Justification: Software Engineering is a core course for CS-aligned programs and was not covered in earlier semesters. Agile methodology is highly relevant to current industry practices.

3. The course title “**Principles of Artificial Intelligence**” has been renamed to “**Artificial Intelligence**” as terms like “*Principles*”, “*Fundamentals*”, or “*Foundations*” are not considered appropriate for the academic level of the 5th semester.

4. Professional Elective Course Finalization:

- Resolution: The elective finalized is “**Data Science with Business Intelligence**”.
 - Justification: Important for AIML students to gain skills in presenting complex data through effective visual formats using a widely adopted industry tool like Tableau.

FACULTY OF ENGINEERING AND TECHNOLOGY

SCST – B.Tech., CS - Artificial Intelligence and Machine Learning

Proposed 5th Semester Courses for 2023 Scheme

Course Code	Course Title	Type
UE23CS3501	Advanced Machine Learning	Core
UE23CS3502	Large Language Models	Core
UE23CS3503	Generative AI	Core
UE23CS3504	Principles of Artificial Intelligence	Core
UE23CS3505	Project Based Learning/Mini Project	
UE23CS3541	Professional Elective – 1	Professional Elective-I

Finalized List of 5th Semester Courses (2023 Scheme CS-AIML):

Course Code	Course Title	Type
UE23AI3501	Advanced Machine Learning	Core
UE23AI3502	Deep Learning and LLM	Core
UE23AI3503	Artificial Intelligence	Core
UE23AI3504	Software Engineering Practices with Agile Methodologies	Core
UE23AI3505	Project Based Learning/Mini Project in AIML Domain	
UE23AI3541	Data Science with Business Intelligence	Professional Elective-I

Remarks:

- Suggestions were made to relook and restructure the overall subject flow in the upcoming 2024 scheme to ensure core foundation subjects like *Principles of AI* are introduced at the right stage.

Meeting concluded with thanks to all members present.

Dr. Sanjay Pande M B

Director, School of Computer Science and Technology,

Faculty of Engineering & Technology
