Report on “Logical Reasoning”

Class: AI2A

Date: 14-11-2025

Time: 1:30 to 3PM

Activity: Logical Reasoning

A coding activity was conducted for the Department of AIML for the AI2A – 3rd Semester AIML students to improve their programming and problem-solving skills. The event was organized by the 5th Semester AIML students.

The session started with a short explanation of what logical reasoning is and why it is important for AIML students. After that, students were divided into small teams. Each team received a set of logical questions, and quick-thinking tasks.

The questions were based on patterns, number series, coding–decoding, and simple puzzles. Students discussed within their groups and wrote the answers together. No phones or online help were allowed.

Here are the sample questions that we have conducted for them:

NUMBER SERIES

1. 1, 2, 6, 24, 120, ?

2. 1, 4, 9, 16, 25, 36, ?

ALPHABET SERIES

1. A, C, F, J, O, ?

2. Z, X, U, Q, L, ?

MIXED SERIES

1. A1, B4, C9, D16, ?

2. Z10, X8, V6, T4, ?

Letter Coding

1. In a certain code language, CAT = DBU, DOG = EPH, and FAN = GBO.

What will be the code for HEN?

2. If in a code language STUDY = WXAHC, then TEACH will be coded as _____.

Direct relationship type

1. A is the father of B.

B is the sister of C.

How is A related to C?

Coded relationship type

1. If $A + B$ means A is the father of B,

$A - B$ means A is the sister of B,

$A \times B$ means A is the brother of B,

then what does $P - Q + R$ mean?

DIRECTION TYPE

Priya walks 4 km north, then 3 km east, and finally 4 km south.

How far is she from her starting point and in which direction?

Outcomes:

- * They learnt how to work as a team.
- * Their logical thinking improved .
- * Students felt more confident and active during the event.
- * The debate helped them understand the difference between AI and human intelligence.
- * Students became better at speaking, sharing ideas, and giving arguments.

Overall, "Logical Reasoning" was a great success and a really fun way for students to test.

Faculty coordinators:

Mr . Darshan (Lecturer)

Student coordinators:

1. Eshwari B H
- 2.Aishwarya W
