Report

Department of Artificial Intelligence and Machine Learning organized half day ***Technical Talk on Machine Learning titled: "Demystifying Machine Learning: A Journey into the Future of Technology"*** in association with Tackle-D Private Limited, Kushalnagar, India on 29-11-2024.

Objectives of the Technical Talk:

1. Introduce Machine Learning: Provide an understanding of the basics of Machine Learning, its importance, and its role in modern technology.
2. Explain Core Concepts: Educate participants about different types of ML, common algorithms, and foundational principles.
3. Showcase Applications: Demonstrate how Machine Learning is applied in various fields, including engineering and everyday scenarios.
4. Guide Learning Pathways: Equip students with a clear roadmap and prerequisites to start their journey in Machine Learning.
5. Discuss Challenges and Ethics: Highlight the challenges and ethical considerations in the development and application of ML technologies.
6. Envision the Future: Inspire participants by discussing the potential future trends and advancements in Machine Learning.

Outcomes of the Technical Talk:

1. Students will understand the fundamental concepts and types of Machine Learning.
2. Participants will gain insights into practical applications of ML in diverse domains.
3. Attendees will be familiar with the essential prerequisites and learning pathways to start working on Machine Learning projects.
4. Participants will be aware of ethical concerns and challenges faced in implementing ML solutions.
5. Students will have a broader perspective on the future possibilities and innovations in Machine Learning.
6. Attendees will engage in active discussions and resolve doubts through an interactive Q&A session.
