Keerthi Prasad G

Assistant Professor in AIML

Faculty

Faculty of Engineering and Technology

School / Program

Faculty of Engineering and Technology/
B.Tech. in Artificial Intelligence & Machine Learning

Faculty Introduction (Five to Six Lines)

I am Keerthi Prasad G, Assistant Professor in the Department of Information Science & Engineering at GM Institute of Technology, Davanagere, with over 10 years of teaching experience. I hold a Ph.D. (coursework completed) in Computer Science and Engineering from RVCE, Bangalore, and an M.Tech in CSE from JNNCE, Shivamogga. My expertise includes C++, Java, J2EE, Database Management, Data Structures, Web Technologies, and .NET Framework. I have guided multiple student projects, developed ERP and software applications, and published research on handwriting recognition, IoT systems, and intelligent automation. I have also served as a resource person for FDPs and workshops and received awards for best paper presentations.

Qualifications

Ph.D. (CSE)

RVCE, Bangalore, Pursuing

M. Tech. (CSE)

JNNCE – Shivamogga, Karnataka, 2011

BE (ISE)

GMIT, Davanagere, 2006

Experience

Teaching

- 13 Years at GMIT Davanagere

Research

ಜಿ. ಎಂ. ವಿಶ್ವವಿದ್ಯಾಲಯ

GM UNIVERSITY

P. B. Road, Davanagere – 577 006 KARNATAKA | INDIA

- Online Grocery Application – “Kalash Mart”
Developed an Android-based grocery application to facilitate online shopping and streamline order management for end users.
- Payroll System for GM Sugar and Energy Pvt. Ltd., Sangur, Haveri District
Designed and implemented a payroll management system to automate salary processing for the Accounts Section of GM Sugar and Energy Pvt. Ltd.
- Payroll System for GMIT, Davanagere
Created a payroll automation solution for the Establishment Section of GMIT to manage employee salary and attendance records efficiently.
- Feedback System for GMIT
Developed an academic feedback collection and analysis system to assist the Academic Dean in evaluating teaching effectiveness at GMIT.
- Election Data Analysis System
Designed a system to analyze and visualize election-related data for the BJP Office, Davanagere, aiding in strategic decision-making.
- Data Entry System for CET Admissions, GMIT
Implemented a data management system for maintaining and organizing student admission details through CET at GMIT, Davanagere.
- Feedback System for Sir MV PU College
Developed a computerized feedback system for the Head of the Computer Science Department at Sir MV PU College, Davanagere, enhancing academic evaluation.
- GMIT ERP – Admission Module
Contributed to the development of the ERP Admission Module for GMIT, integrating account and admission processes to improve administrative efficiency.
- Socio-Economic Data Entry System for Kakkaragolla Grama Panchayath
Designed a system to record and manage socio-economic data for the local governance body at Kakkaragolla, Davanagere.
- Vani Honda Accounts Software – User Login Management
Developed a secure user login and management system for the Accounts Section of Vani Honda Showroom, Davanagere.
- GMIT Hostel Grievance System
Created a digital grievance redressal system for GMIT hostel students to streamline complaint registration and resolution processes.

Training Program Attended

- FDP on "Bibliometric Analysis, Systematic Literature Review and Meta Analysis" organized by Amity Business School, Amity University Haryana, Gurugram from May 08-12, 2023.

ಜಿ. ಎಂ. ವಿಶ್ವವಿದ್ಯಾಲಯ

GM UNIVERSITY

P. B. Road, Davanagere – 577 006 KARNATAKA | INDIA

- Workshop on 'Managing Research Literature using Mendeley' organized by Amity University Madhya Pradesh and Elsevier on 5th Feb, 2022.

Research Interest

- Handwriting recognition for Indian languages and mobile devices
- IoT-based embedded systems and intelligent automation
- Machine learning applications for real-world problem solving
- ERP and database management systems for educational and industrial use
- Web technologies, mobile application development, and software engineering
- Image processing, signal analysis, and data-driven decision support systems
- Development of intelligent tools for automation and system optimization

Publication / Patents

International Conferences

National Conferences

- 1. Keerthi Prasad G, Ajay J G. “Advanced application for commuter service”, In Proc. NCRTCC-16, at Jain Institute of Technology, Davanagere, India.
- 2. Keerthi Prasad G, Imran Khan and Naveen R Chanukotimath and Veeragangadhara Swamy T M. “On-line Kannada Handwritten Character Recognition using PCA”, In Proc. NCCAC-12, at Sambhram Institute of Technology, Bangalore, India.

Patent

- **Title:** Self-Power Generating Intelligent Electric Vehicle

Applicants: Keerthi Prasad G, Nasreen Taj M B, Asha K, Feroz Khan, Imran Khan, Dr. Arunkumar S L, Tejasvi Kattimani T. R, Santoshkumar Mahendrakar, Dr. Rajakumar D. G, Dr. Virupaxappa S. Betageri, Rajashekar Kunabeva

Patent Filed Date: November 26, 2020

Patent Published Date: December 4, 2020

Patent Status: Published

Professional Membership

- MISTE Life Membership: LM 129503
- IEEE Membership: 97004524
- ACM Membership: 3165945

Awards & Recognitions

- Asset of the Institution – GMIT Management, 2022.
- Elite – NPTEL Certification – NPTEL, 2019
- Best Paper Award – National Conference on Emerging Trends in Engineering, Research and Management (NCETERM), 2019
- Best Paper Award – Jawaharlal Institute of Technology (JIT), Davanagere, 2016.
- Reviewer – IEEE Transactions on Systems, Man and Cybernetics, 2014

ಜಿ. ಎಂ. ವಿಶ್ವವಿದ್ಯಾಲಯ

GM UNIVERSITY

P. B. Road, Davanagere – 577 006 KARNATAKA | INDIA

- Reviewer – International Conference on Advances in Computing, Communications and Informatics (ICACCI-2014), 2014
- Judge for National Level Coding Competition – TCE, Gadag, 2013

Administrative Responsibilities

- Department Level -Developed ERP software for Institute which covers Admission management, Hostel management, Inventory management, Payroll management, Examination management, Library management and Academic module. Academic module covers subject allotment, lesson plan generation, attendance marking, IA marking, DAR, continuous lab evaluation, student counseling, faculty feedback, infrastructure feedback, course feedback and student grievance system.
- University Level

Resource Person for FDP

- June 2015: Acted as a resource person for a two-day FDP on "Mobile Application Development using Android" conducted for teaching faculties of all branches.
- January 2018: Served as a resource person for a two-day FDP on "Computer Networks Simulation using NCTUNS" organized for engineering college faculties.
- July 2018: Delivered sessions in a three-day FDP on "Machine Learning" conducted for faculties of engineering colleges.

Resource Person for Faculty Development Programs (FDPs)

- Feb–Mar 2011: 50-day workshop on Oracle Database 10g – Introduction for 7th semester students of all branches.
- Aug–Sep 2011: 50-day workshop on Oracle Database 10g – Administration for 7th semester students of all branches.
- Oct 2011: One-week workshop on Java in a Week for 5th semester students of all branches.
- Nov 2011: Three-day workshop on PHP with MySQL for instructors of all branches.
- Apr 2012: One-week workshop on Think Parallel – Parallel Programming using OpenMP for 2nd semester students of all branches.
- Aug 2012: One-week workshop on Let us C for 3rd semester ISE students.
- Oct 2012: One-week workshop on Java in a Week for 5th semester students of all branches.
- Aug 2013: One-week workshop on Let us C for 3rd semester ISE students.
- Oct 2013: One-week workshop on Java in a Week for 5th semester students of all branches.
- Mar 2014: Two-week workshop on Object-Oriented Programming with C++ for 6th semester ECE students.

- Aug 2016: One-week workshop on Web Development for 5th semester ISE students.
- Sep 2016: One-week workshop on C Programming Language for 3rd semester ISE students.
- Aug 2017: One-week workshop on Let us C for 3rd semester ISE students.
- Mar 2018: One-week workshop on Fundamentals of GUI Design using Java Swings for 4th semester ISE students.
- Apr 2018: One-week workshop on Application Development for File Management using C++ for 6th semester ISE students.
- Aug 2018: One-week workshop on Data Structures for 3rd semester ISE students.
- Sep 2018: Two-day workshop on NS-2 for 5th semester ISE students.
- Oct 2018: Three-day workshop on Application Development using Oracle 10g for 5th semester ISE students

Workshops / FDPs / Seminars Organized

- FDP on Object Oriented Programming with Java Laboratory (21CSL35), state level, organized by Dept. of AIML, GMIT, 23–24 November 2022.
- FDP on Machine Learning, state level, organized by Dept. of ISE, GMIT, July 2018.
- F DP on Computer Networks Simulation using NCTUNS, state level, organized by Dept. of ISE, GMIT, January 2018.
- F DP on Mobile Application Development using Android, state level, organized by Dept. of ISE, GMIT, June 2015.

Projects Guided

- UG Projects
 - Face Recognition based Attendance System
 - Rescue Support Robot
 - Post Disaster Unmanned Rescue System
 - Magic Mirror
 - Online Kannada Handwritten Recognition for Android Mobile Phone.

Funded Projects / Grants Received

ಜಿ. ಎಂ. ವಿಶ್ವವಿದ್ಯಾಲಯ

GM UNIVERSITY

P. B. Road, Davanagere – 577 006 KARNATAKA | INDIA

- Face Recognition based Attendance System (SIH-2022, Amount: 100000, Year: 2022) – Students: Virupaksha Guptha, Shivaraj M, Syed Saqhib, Prajwal H C, Revanth G B, Suchitra Hiregowda.
- Rescue Support Robot (KSCST, Amount: 5000, Year: 2019–20) – Students: Meghana B H, Pooja K, Yashaswini, Archana K M.
- Post Disaster Unmanned Rescue System (VTU, Amount: 5000, Year: 2018–19) – Students: Prajwal Jain, Sheshadri P S, Sowmya Bennur, Sushma R Sakray.
- Magic Mirror (KSCST, Amount: 6000, Year: 2017–18) – Student: Dixit R Jain .
- Online Kannada Handwritten Recognition for Android Mobile Phones (KSCST, Amount: 5000, Year: 2011–12) – Student: Ratna.
